- B)  A robot vacuuming a room.
- C)  A space ship flying towards a planet.
- D)  A photograph of a heavy traffic jam on a multi-lane road.

Answer the questions (9-10) according to the text below.

Hello, I am Bella. I live in Madrid, Spain. Traffic jam is a very big problem in my city. I travel about 3 hours to get to my office every day, and I'm really tired of it. I think this is because people drive their own cars, and they don't prefer public transportation. Most of the families have more than one car, and it is very difficult to get home easily especially after work. This the main reason for stress in big cities. If people use flying cars, there won't be a traffic jam on the roads. I hope engineers will achieve success in making flying cars, and we'll use them.

9. What is the text about?

- A) Traffic problem in big cities.
- B) Possible problems of the future world.
- C) Reasons for the invention of flying cars.
- D) Popularity of public transportation.

10. Which one is false?

- A) Bella is from Madrid.
- B) Bella thinks living in a big city is quiet and peaceful.
- C) Bella doesn't like waiting in traffic.
- D) It takes Bella about three hours to go to work every day.
