## WHAT DO WE WATCH?

Hello, I am Mariana. I am from New Castle. It is generally very cold here in winter, so my family and I don't go out very often in winter at weekends. We sometimes sit and watch TV at home. We prefer watching documentaries together because we all think they are educational. My brother generally prefers watching cartoons because he thinks they are amusing. My father wants to watch the news and the weather forecast because he thinks they are informative. He says we should have information about everything in our country and the world. My mother prefers watching cookery programmes or soap operas because she thinks they are enjoyable. I don't like watching TV. I rarely watch comedies when they appear on TV. Last weekend, we shared the TV hours. In the afternoon, my brother watched his favourite cartoon. Then, my mother watched her favourite cookery programme. In the evening, my father and I watched the news and the weather forecast. It was really very informative for me. I am happy that no one is a couch potato in our home. We love reading books and magazines more than watching TV.
